Biznet Toolkit

Biznet Templates

Your Reports

FREE download at
www.biznet.com.au

Get up & running in under 30 minutes *

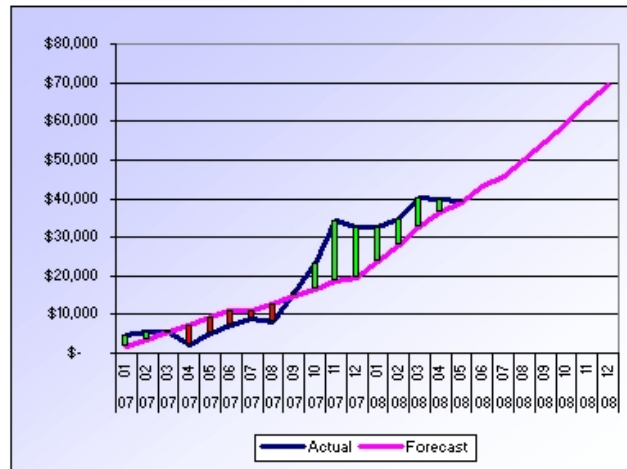

- Step 1** Download the FREE demo
- Step 2** Experiment with the sample data in Excel
- Step 3** Register the system and enter your own data into the Excel templates

Advanced Users Import information from other systems:

- export from most accounting systems
- csv files from legacy systems
- SQL, ODBC, XML from ERP systems
- Seamless linking with FMPro & other RDB's

* Based on Excel users with a basic skill level

Accumulated Profit - Actual Vs Forecast

Tolerance		55%	45%	0%
Client	Time	Money	Score	Total
People	48%	38%	38%	41%
Process	48%	42%	56%	48%
System	40%	42%	56%	46%
Total	45%	40%	50%	45%

Toolkit & templates designed by Luke Rochester who holds an honours degree in Industrial Engineering (university prize) and a Grad Dip in Psychology. Founder of Biznet and interviewed by Internet.com about the future of the internet Luke's achievements (and the interview) can be found by simply typing "Luke Rochester" into your favourite search engine. Feel free to eMail Luke (luke@biznet.com.au) for more information.
